

## **Modigene to Present at the Rodman & Renshaw 5th Annual Global Healthcare Conference**

**Nes-Ziona, Israel May 15, 2008** -- Modigene Inc. (OTCBB: MODG), a biopharmaceutical company applying its patented technology to develop longer-acting versions of already approved therapeutic proteins, today announced that President Shai Novik will present at the upcoming Acumen BioFin Rodman & Renshaw 5th Annual Global Healthcare Conference at 3:40 AM EDT (9:40 AM Central European Summer Time) on May 20, 2008.

The presentation will be webcast live and an archived version of the webcast will be available for approximately 90 days. The live and archived webcast can be accessed at <http://wsw.com/webcast/rrshq13/modg.ob>.

### **ABOUT MODIGENE**

Modigene Inc. is a biopharmaceutical company applying its patented CTP technology to develop longer-acting, proprietary versions of already approved therapeutic proteins that currently generate billions of dollars in annual global sales. The CTP technology is applicable to virtually all proteins, and Modigene is currently developing long-acting versions of human growth hormone, interferon beta and erythropoietin, which are in late preclinical development, as well as GLP-1. For more information on Modigene, visit [www.modigeneinc.com](http://www.modigeneinc.com).
